Hold Upp

Magnetic click-in clip for glass chromatography columns

Orange | Ø10 / Ø14 / Ø20 mm SKU SHO-TBE-3

INTENDED USE Magnetic holder for Ø10, Ø14 and Ø20 mm glass chromatography columns on steel panels.

COLUMN OD	Ø10, Ø14 and Ø20 mm
MOUNTING	screw-fixed NdFeB magnet
SIZE	25 × 25 × 55 mm
MATERIAL	PETG; neodymium magnet
TEMPERATURE	Up to 60 °C; do not autoclave

CARE Clean with water, 20% or 70% ethanol, or mild detergent. Avoid acetone, chlorinated solvents and prolonged contact with strong bases (e.g. NaOH).

WARNING Strong permanent magnet. Keep away from magnetically sensitive equipment, magnetic storage media and magnet-sensitive implanted medical devices.

Magnet pull approx. 10 kg straight off a flat, clean steel surface; sliding resistance is lower.
